To Whom it May Concern:

This letter serves as a reference for Cheree Love, specifically related to her extensive involvement with the American Heart Association.

Cheree has dedicated many of her personal and professional efforts to the work of the American Heart Association. She has served as a member of the Board of Directors since 2007. In this role, she has devoted numerous hours to raise awareness for heart disease and stroke, in addition to helping expand the fundraising efforts for the American Heart Association. In addition to her personal involvement with our organization, Cheree has also dedicated the support of her company, Response 1 Medical Staffing. Response 1 is a major sponsor of our Go Red For Women Luncheon and our Heart Ball. Over the last four years, Response 1 has committed more than \$100,000 in support of our fundraising efforts. Cheree has also engaged her employees in becoming involved in our efforts through our Heart Walk, as well as promoting a culture of wellness by encouraging walking internally.

In the four years that I have worked with Cheree Love, I have been impressed with her devotion to the Sacramento community, and she has proven herself to be one of the American Heart Association's most dedicated and involved volunteers. Her efforts are extremely commendable and have truly made a difference in furthering our mission of "building healthier lives, free of cardiovascular diseases and stroke."

Please feel free to contact me if you have any questions about this letter.

Sincerely,

Suzanne Bartlett
Executive Director
American Heart Association
